

PROPS

All props in the show are easy to find everyday items or common items in the theater.

PROP TABLE

A property table should be located off-stage and organized by labeling props by the scene it is used in and by which character handles the prop. This ensures that props are present in the same location before every performance and are easily accessible to the actors for their usage. Organize the prop table with masking tape by making a grid on the table and labeling each prop accordingly.

TOWN DECORATIONS

Party decorations from any occasion will fit: paper streamers, christmas lights, paper lanterns. Use fake flowers for durability.

FESTIVAL SIGNS

Signs for the festival in Scene 1 & 3 should be pre-painted before the production. In Scene 1, have the ensemble mime with dry paint brushes and poster board the action of painting signs.

OVERSIZED FAN

Find large feathers at the hobby store and attach them together at the base or to a long stick.

MAP

Create an old map feel by using craft paper from the hobby store and rolling both ends together.

SIMPLE TUNE SONG

Take any oversized hard cover children's story book and cover it with paper, clearly labeling the outside "A Simple Tune"

PROP SUGGESTIONS

Scene 1: Melody Meadows

- Large medieval skeleton key (Maiden Melody)
- Polish can: paint bucket labeled "polish" (Radical Rhythm)
